Greenline 58 Fly

Elevating Elegance on the Water

H HYBRID DRIVE

Brand new hybrid system with powerful twin 25kW electric motors that can be adapted to any diesel engine

Comfortable sunbathing area | Flybridge with U-shaped settee and sun lounge | Easy accessible anchor

10 solar panels | 4.1 kW of solar power | Boat's domestic services to run without a noisy diesel generator

Waterside living area: aft-facing transom bench & extended hydraulic bathing platform

One-level living: The yacht is designed without a single step between the cockpit and the helmsman position.

In light of the success of the 45 Fly, Greenline Yachts is delighted to reveal the latest addition to its revolutionary range of flybridge cruisers, the 58 Fly. Launching in Autumn 2022, the all-new 58 Fly fits into the range to bridge the gap between the popular 48 Fly and flagship 68 OceanClass.

The model shows a fresh exterior look with clean lines and tight proportions retaining the focus on elements that make a Greenline such a pleasurable boat to live aboard. The single-level main deck with aft galley ensures the saloon and cockpit combine to create a large living and entertaining area and the cut-outs in the forward bulwarks align to deliver spectacular views over the water from the lower deck.

Work remotely in comfort with the genuine functionality of a home office.

*Vacation or workcation?
The choice is yours.*

A spacious and beautifully illuminated salon makes living aboard a full pleasure.

The master cabin stretches across the boat's full beam amidships and boasts 1.96 m of headroom throughout.

Choose a layout with 2 or 3 comfortable bathrooms.

Indulge in comfort - privately or in your favourite company
